Porsgrunn 2. oktober 2006

Shektech AS is an organization consisting of employees that cover a broad specter of experience in the IT field. Currently we have 15 employees and three board member advisors. Our main office is located in Alta, with branch offices in Oslo and Porsgrunn in Telemark - Norway. Please visit our website for further information www.shektech.com

Available Position

IT Security Consultant/ Security Analyst

Shektech AS, experts in IT security and information security management is currently seeking to hire one or two full time consultants for our branch office in Porsgrunn.

Shektech has taken the lead in Norway as it pertains to the implementation of Information Security Management Systems and Frameworks. We desire individuals who are passionate about security and implementing solutions such as the ISO 17799 and who understand the importance of the process in an information security program.

We believe that your duties will include but not limited to:

- Risk assessment
- Risk analysis
- Internal controls
- Documentation
- Policy, procedures and implementation

Preferred background:

- 3 or more years of IT security background
- Passion for security
- ISO 17799 experience
- Knowledge of network security
- Preferably an M.S degree

Questions about this position please contact Petter Lovaas: petter@shektech.com

Please submit your application letter and resume market "security consultant" to post@shektech.no or Shektech AS, P.o.box 1602, 3920 Porsgrunn, Norway.
